Holiday Bar Cart

What better way to get yourself into the holly jolly spirit than by decking your bar cart with fun Christmas touches? I love to change mine up for each season and upcoming holiday. I focus on outfitting my bar cart with both practical and fun elements. For this season's bar cart I'm incorporating whimsical decor and drinks for both children and adults to enjoy. Cheers!

Velvet Light Bulb Garland

I love the fun pop of color this garland adds to the cart! A bonus is that they are not breakable like typical light bulbs, so they are child friendly.
