NORTON + WOOD

Small Town Firm. Big City Practice.

Associates Jaci Roberts Berry and Jacob Hill are seated behind partners Richard Kroll, Fred Norton, and Marshall Wood.

OUR QUALIFICATIONS

We proudly describe our partnership as “a small town law firm with a big city practice.” Recognized with Martindale-Hubbell’s highest peer-review rating of “AV,” we have built a regional reputation and retained a prestigious and diverse client list—from multi-national corporations to privately-owned concerns. With attorneys licensed in Texas, Arkansas, and Oklahoma, we have the collective expertise and resources to offer most, if not all, of the legal services required by business owners and their families. We value and model integrity and hard work. All our attorneys were born and raised in Texarkana and chose to return here to practice law. We commit our time and resources to help businesses and individuals throughout our community as we work together to get the best possible results for our clients.

OUR SERVICES

Our firm has a strong litigation and transactional practice. Chief among the areas where representatives from our firm are involved include: Tax Planning, Tax Controversy, Business, Professional and Nonprofit Organizations, Trusts and Estates, Probate and Estate Administration, Wealth Preservation, Estate Planning, Asset Protection, Elder Law, Complex Business Litigation, Personal Injury Litigation, Commercial Litigation, Employment Law Litigation, and Probate Litigation. In those areas where we choose not to practice, we maintain strategic alliances with specialists across the United States and in other countries whom we regard to be outstanding in their fields. These specialists are available to us and our clients at a moment’s notice, and we select the right lawyer for the specific opportunity or problem to provide the client with effective results.

OUR CLIENT APPEAL

You want and deserve an attorney you can trust to represent you and your legal interests knowledgeably and aggressively. At Norton + Wood, we have assembled a committed, experienced team of legal professionals to assist you. We consider ourselves problem solvers—inventive and conscientious in our approach. But we are also passionate about you, our client. We keep your best interests at the heart of each case, each transaction, each controversy. Let us help you by solving problems and seizing opportunities—by producing creative legal solutions that are imaginative, yet practical.

OUR INVESTMENT IN COMMUNITY

We love working in Texarkana almost as much as we love living here. That is why we do our part to give back whenever possible—by volunteering our time, contributing our resources, and offering our legal services to community causes. All of us are Texarkana natives, and we are invested in its success. We are proud of its rich history and even more excited about its future growth. We support the economic and cultural development and reinvention of historic downtown Texarkana. We sponsor the green space next to us named “ArtSpark,” where revolving exhibitions of art created by local school districts are always on display. The Scott Joplin Mural adorns the south wall of our office building. This unique artwork honors the Pulitzer Prize-winning musical pioneer from Texarkana. The mural celebrates Texarkana’s rich cultural history and features a musical score from the final measures of the famous Joplin composition, “The Entertainer.” The mural has garnered nationwide attention for its tribute to the American Ragtime composer.
